CIBINQO® (abrocitinib) and LITFULO™ (ritlecitinib) Interim Care Rx Program: TERMS AND CONDITIONS

Interim Care is not health insurance and is available for eligible, commercially insured patients only. Offer is only available to patients who have been diagnosed with an FDA-approved indication for CIBINQO® (abrocitinib) or LITFULO™ (ritlecitinib). No claim for reimbursement for product dispensed pursuant to this offer may be submitted to any third-party payer. Not available to patients covered under Medicaid, Medicare or other federal or state healthcare programs, including any state prescription drug assistance programs and the Government Health Insurance Plan or for residents of Massachusetts, Michigan, Minnesota, or Rhode Island. Available up to a 30-day supply. Refills are subject to limitations. Interim Care offer does not require, nor will be made contingent on, purchase requirements of any kind. Pfizer reserves the right to amend, rescind, or discontinue this program at any time without notification. Interim Care can only be dispensed by the exclusive pharmacy and only after a benefits investigation has been completed and a delay occurs in the Prior Authorization process, or an appeal is required. Offer good only in the U.S. and Puerto Rico. Prescription must be provided by a healthcare provider licensed in the U.S. or Puerto Rico. Patients whose insurance plans have established a product exclusion for either CIBINQO or LITFULO are not eligible to participate and/or continue participation in the Interim Care Program. Continued eligibility for the program requires, 1. submission of first appeal within 60 days of enrollment (or within the required payer timeline, if sooner) in the Interim Care Program and submission of the second appeal, if allowed by the payer, within 60 days of the date of the first appeal denial (or within the required payer timeline, if sooner), 2. satisfying all payer appeal requirements and 3. patients schedule their initial prescription dispense within 60 days of enrollment. If at any time during the patient's Interim Care Program enrollment there is a payer coverage change relating to the applicable product, Pfizer may conduct a new benefits investigation, and, if allowed by the payer, submission of a new Prior Authorization request and an appeal, if denied, must be submitted within 60 days (or within the required payer timeline, if sooner) of either, 1. the date of completion of the benefits investigation, provided by the Pfizer Dermatology Patient Access™ Program to the patient's authorized healthcare provider, or 2. the date a new submission is allowed by the payer, for continued eligibility in the program, whichever is later. If there is no payer coverage change, at 12 months of Interim Care Program enrollment, an updated prescription and benefits investigation is required to confirm continued eligibility. All payer appeal timelines must be met for continued assistance. Assistance may be available for up to two years in total, which is the lifetime maximum per patient. The Interim Care Program is applicable to all CIBINQO® (abrocitinib) or LITFULO™ (ritlecitinib) formulations. Additional eligibility criteria may apply. Contact Pfizer Dermatology Patient Access™ at 1-833-956-DERM (1-833-956-3376) for details.
